ABOUT US

Welcome to BOSO – our intimate bridal studio, founded as a result of a passion for wedding fashion and natural beauty. Meet us - Ania and Asia – friends who believe that a wedding dress should highlight a woman’s natural beauty, never overshadow it. Though we come from different backgrounds and have different temperaments, we share one dream: to create a place where every bride feels truly special. That dream came to life here, in the heart of Krakow’s magical Kazimierz district.

Our designs are inspired by the beauty of the nature and the relaxed boho spirit, blending light silhouettes with a touch of modern femininity.

We select delicate fabrics like chiffon, muslin and unique laces that gracefully fall on the body.

We believe a wedding dress should be an expression of who you are, which is why we let the textures and patterns of the lace give each gown its distinctive character.
